Loving God...Loving One Another...Serving the World

This week we are learning that God kept Moses safe because God loved him and had a special job for him to do. God cares for His people and guides them. We are encouraged to trust God because He loves us and protects us. This week talk with your child about ways God takes care of them. For example, by providing a home, food, work, rest, a family, a church and so on. Let each family member give an example of God's care for him or her that day. Pray together, thanking God for His loving care.

Central truths that we seek your child learns while in Kingdom Kids!

God made Me and all things, God loves me and wants me to love Him. Jesus died on the cross and rose from the dead so that I can be part of His family forever.

## God Takes Care of Moses

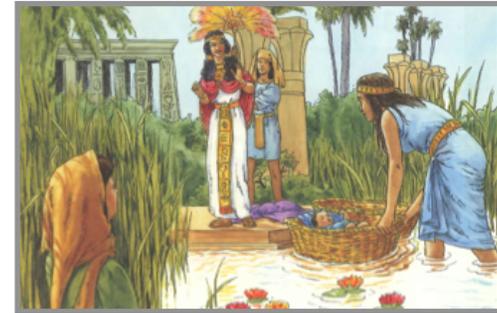

Illustration by Keith Neely

Pharaoh was a very bad king. He didn't love God. He didn't love God's people, the Israelites. He made the Israelites work very hard. Pharaoh gave an order that all Israelite baby boys must be killed.

A fine baby boy was born to an Israelite family. They hid the baby for a while. Then the mother made a strong, safe basket. She placed her baby in it and put the basket among the reeds by the river.

Pharaoh's daughter went down to the river. She saw the basket. When she opened it, she found the beautiful baby boy inside. "I want this child for my own," she said. "When he is older he will come and live with me in the palace."

Pharaoh's daughter needed someone to care for the little baby. She let him live with his own family for a while. His family taught him to love God.

When the child was older he went to live with Pharaoh's daughter in the palace. She named him Moses.

God took care of Moses because God had a special job for him to do later on.
